Spring is just around the corner and so is Prime Building Season! **Is this going to be the year that you make the step through the front door of your new home?**

Our schedule is starting to fill up for 2010, but we still have some room. If you want to be on the schedule, this is the time to start or finish your plans and we can help. We take great pride in helping our customers find the perfect plan and building it to their exact specifications with every detail perfectly executed.

Don't forget that we have expanded our portfolio to include panelized, modular and stick built homes. We also have garage and shed packages available – **New for 2010!**

If this isn't the right time to move to a new home, but you want to spruce up – we are here for you. Some of our recent projects include a 3 car garage with 2<sup>nd</sup> floor storage space, a kitchen/bath remodel and a bonus room turned bedroom. Just think how much a finished basement would add to your home's value when you're ready to sell.

**Upcoming events** – Fingerlakes Home Builders & Remodelers Annual Home Show  
April 10th & 11th at Wings of Eagles, Big Flats, NY
